**WARNING!** Please read the whole guide before installing this part.

**Legals:**

This part is sold with a LIMITED warranty that only covers defects in manufacturing. This warranty does not cover any damage incurred by using this part. The installation of this part may also void any vehicle warranties.

After opening the packaging please check to see if any parts are missing or damaged. If something is missing or damaged please contact us immediately. Do not install the product.

Do not modify this part in any way. Modifying the part may result in failure of the part and voids all possible warranties.

**Installation Guide**

Remove the gear knob.

Unclip and remove the gear shifter surround.

Remove the ashtray.

Clean the area shown in the photo below with an alcohol based product. (metho, acetone, prepsol, etc) do not use an oil based cleaner (turps, petrol, etc) be careful to keep the cleaner away from any of the interior except the part shown in the photo below. If you skip this step the supplied double sided tape will not hold.

Remove the red backing off the double sided tape located on the underside of the cup holder. Be careful not to pull the tape off the cup holder.

Install the cup holder as shown in the photo below.

Press firmly down above where the double sided tape is located.

Reinstall the gear shifter surround and gearknob.

Next install your choice of beverage and your good to go. ☺

Thank you for supporting TAARKS.
